At Da Vinci Academy, teachers care and want the very best for each and every student who attends the Academy. It is our vision and belief that all our pupils are entitled to a high quality of provision. We have high expectations of all pupils, including those with SEND. We see ourselves as an inclusive learning community in which we strive to succeed and support each other. We recognise that everyone has unique needs and aspirations and understand the importance of providing equal opportunities within a caring environment that allows students to flourish and achieve. This report is intended to give you information regarding the ways in which we support our students to ensure that all students achieve their full potential personally, socially, emotionally and academically in all areas of the curriculum.

<p>What is SEND?</p>	<p>SEND stands for special educational needs and, or a disability.</p> <p>The Code of Practice 2014 states that: ‘A student has SEN where their learning difficulty or disability calls for special educational provision, that is different from or additional to that normally available to Children or Young People(CYP) of the same age.’</p>
<p>Do students with SEND come to Da Vinci Academy?</p>	<p>Da Vinci Academy is a mainstream Secondary school and we aim for all of our children and young people (CYP) to reach their full potential, including those with SEN. Students are identified as having SEN when their progress has slowed or stopped, and the interventions and resources, we normally put in place do not enable improvement. We have specific plans and Student Support Plans which assist when supporting their development and to speed up progress.</p>
<p>What kinds of SEND does the school make provision for?</p>	<p>When identifying the nature of special educational needs, the four areas of need are taken into account are:</p> <ul style="list-style-type: none"> • Communication and Interaction • Cognition and Learning • Social, Emotional and Mental Health • Sensory and/or Physical needs <p>The school recognises that the student may need support in more than one of these areas and we pride ourselves on building positive relationships with parents/carers and the child and working as a team.</p>
<p>How does Da Vinci Academy know if a CYP has SEND?</p>	<p>At Da Vinci Academy, students are identified as having special educational needs through a variety of different ways including;</p> <ul style="list-style-type: none"> • Transition work between ourselves and the primary schools • Key Stage 2 results/baseline tests
